## COORDINATION OF BENEFITS

### I. Applicability

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

### II. Definitions

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses.
  - (2) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
  - (3) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
  - (4) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans** . However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
  - (5) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

### III. Order of Benefit Determination Rules

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B.
  - (1) Except as provided in Paragraph (2), a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
  - (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:
  - (1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan** . However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and

primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

- (2) Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:
- (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
- The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**;
  - or
  - if both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
  - However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
- (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
- (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
- (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
- (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
- (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
- The **Plan** covering the **Custodial parent**;
  - The **Plan** covering the spouse of the **Custodial parent**;
  - The **Plan** covering the **non-custodial parent**; and then
  - The **Plan** covering the spouse of the **non-custodial parent** .
- (c) For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- (3) Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or

other federal continuation coverage is the **Secondary plan** . If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

- (5) Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
- 6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

#### IV. Effect on the Benefits of this Plan

- A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan** . The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan** , the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans** .

#### V. Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans** . [Organization responsible for **COB** administration] may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. [Organization responsible for **COB** administration] need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give [Organization responsible for **COB** administration] any facts it needs to apply those rules and determine benefits payable.

#### VI. Facility of Payment

A payment made under another **Plan** may include an amount that should have been paid under **This plan** . If it does, [Organization responsible for **COB** administration] may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan** . [Organization responsible for **COB** administration] will not have to pay that amount again. The term " payment made " includes providing benefits in the form of services, in which case " payment made " means the reasonable cash value of the benefits provided in the form of services.

#### VII. Right of Recovery

If the amount of the payments made Us is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made " includes the reasonable cash value of any benefits provided in the form of services.

#### VIII. Coordination Disputes

If you believe that we have not paid a claim properly, you should first attempt to resolve the problem by contacting Us. If you are still not satisfied, you may call the Ohio Department of Insurance for instructions on filing a consumer complaint. Call 1-800-686-1526, or visit the Department's website at: <http://insurance.ohio.gov>.

## CLAIM PROVISIONS

**Notice of Claim:** Written Notice of Claim must be given to Us or Our authorized representative within 60 days after a covered loss starts, or as soon thereafter as is reasonably possible. Notice should include information sufficient to identify the Covered Person.

GGCPXX100

**Claim Forms:** Upon Our receipt of written Notice of Claim, We will furnish to the claimant such forms as are usually furnished by Us for filing Proofs of Loss. If such forms are not furnished within 15 days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this Policy as to Proof of Loss upon submitting, within the time fixed in this Policy for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

GGCPXX200

**Proof of Loss:** Written Proof of Loss for Hospital Confinement must be given to Us or Our authorized representative within 90 days after release from the Hospital. Proof of any other covered loss must be given to Us or Our authorized representative not later than 90 days after the covered loss. If Proof of Loss is not given within 90 days, the claim will not be denied or reduced for that reason if that proof was given as soon as reasonably possible.

GGCPXX300

**Time of Payment of Claims:** Benefits for any loss, other than loss for which this Policy provides any periodic payment, will be paid immediately upon, or within 30 days after, receipt of due written Proof of Loss. When this Policy provides for periodic payment, the benefits will accrue and will be paid monthly subject to proper proof of loss.

We will pay or deny the claim not later than 30 days after receipt of the claim. If We deny a claim, We will notify the provider and the Covered Person. The notice shall state, with specificity, why We denied the claim. However, if We determine that reasonable supporting documentation is needed to establish Our responsibility to make payment, We shall pay or deny the claim not later than 45 days after receipt of the claim. Not later than 30 days after receipt of the claim, We shall notify all relevant external sources that the supporting documentation is needed.

The number of days that elapse between Our last request for supporting documentation within the 30 day period and Our receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining Our compliance with the time period of not more than 45 days for payment or denial of a claim. If We request additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining Our compliance with the time period of not more than 45 days.

If, however, after receiving initially requested documentation, We need additional supporting documentation pertaining to a Covered Person's Pre-existing Condition which was unknown to Us at the time of Our initial request for documentation, We subsequently request this additional supporting documentation, the number of days that elapse between making the request and receiving the additional documentation shall not be counted for purposes of determining Our compliance with the time period of not more than 45 days.

If We deny a claim, We shall notify the provider and the Covered Person. The notice shall state, with specificity, why We denied the claim.

GGCPOH400

**Payment of Claims:** Unless instructed by You otherwise, benefits payable under this Policy for loss of life are payable to the first surviving classes of the Covered Person: spouse; child or children; mother or father; sisters or brothers; or estate. All other benefits will be payable to the Covered Person or the medical services provider if We have received a valid assignment by the Covered Person.

If any indemnity of this Policy shall be payable to the estate of the Covered Person or to a Covered Person who is a minor or otherwise not competent to give a valid release, We may pay such indemnity to his parent, guardian or other person actually supporting him. Any payment made by Us in good faith pursuant to this provision shall fully discharge Us to the extent of such payment.

NGP-2002

Subject to any written direction of the Covered Person or of the legal or natural guardian of the Covered Person, if the Covered Person is a minor or otherwise incompetent to make such a direction, all or a portion of any indemnities provided by the Policy as a result of medical, surgical, dental, hospital or nursing service may, at Our option, and unless We are requested in writing not later than the time for filing Proofs of Loss, be paid directly to the Hospital or person rendering such services; but it is not requested that the services be rendered by a particular Hospital or person.

GGCPXX510

**Physical Examination and Autopsy:** We, at Our own expense, shall have the right and opportunity to examine the Covered Person as it may reasonably require while a claim is pending. We, at Our own expense, may also have the right to make an autopsy in the case of death, where it is not prohibited by law.

GGCPXX600

**Legal Actions:** A legal action may not be brought to recover on this Policy within 60 days after written Proof of Loss has been given as required. No such action may be brought after 3 years from the time written proof was required to be given.

GGCPXX700

**Subrogation:** When benefits are paid to or for a Covered Person under the terms of the Policy, We shall be subrogated, unless otherwise prohibited by law, to the rights of recovery of such Covered Person against any person who might be acknowledged liable or found legally liable by a Court of competent jurisdiction for the Injury that necessitated the hospitalization or the medical or surgical treatment for which benefits were paid. Such subrogation rights shall extend only to Our recovery of the benefits We have paid for such hospitalization and treatment and We shall pay fees and costs associated with such recovery.

GGCPXX800

## PREMIUM

**Payment of Premium/Due Date:** All premium, charges or fees (hereinafter "Premium") must be paid to Us at Our home office prior to the start of the term for which coverage is selected. In no event will coverage become effective prior to the date of enrollment and required premium are received at our home office or by Our authorized representative.

**Returned or Dishonored Payment:** If a check in payment for the Premium is dishonored for insufficient funds, a reasonable service charge may be charged to the Policyholder which will not exceed the maximum specified under state law. A dishonored check shall be considered a failure to pay Premium and coverage shall not take effect.

GGPPXX100

## GENERAL PROVISIONS

**Entire Contract; Changes:** The Policy, including the Certificate, if any, endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in the Policy shall be valid until approved by one of Our executive officers and unless such approval is endorsed hereon or attached hereto. No agent has authority to change the Policy or waive any of its provisions.

Failure by Us to enforce any Policy provision shall not waive, modify or render such provision unenforceable at any other time; at any given time; or under any given set of circumstances, whether the circumstances are or are not the same.

We have full, exclusive and discretionary authority to determine all questions arising in connection with the Policy, including its interpretation, notwithstanding the opportunity for an external review of a coverage denial.  
GGGPOH100

**Incontestability:** All statements made in an application by the Policyholder are, in the absence of fraud, representations and not warranties. No statement shall be used to contest the Policy, the validity of coverage or reduce benefits, unless it is in writing, signed by the Policyholder, and a copy of such statement is furnished to the Policyholder.

**Non-Participating:** The Policy is non-participating. It does not share in Our profits or surplus earnings.

**Conformity With State Statutes:** If any provision of this Policy is contrary to any law to which it is subject, such provision is hereby amended to conform to the minimum requirements of such law.

**Workers' Compensation:** This Policy is not in lieu of and does not affect any requirement for coverage by Workers' Compensation Insurance.  
GPGPXX100

**Clerical Error:** If a clerical error is made so that an otherwise eligible person's coverage does not become effective, coverage may be in effect if: (a) the Policyholder makes a written request for coverage on a form approved by Us ; and (b) any premium not paid because of the error is paid in full from the effective date of coverage. Company reserves the right to limit retroactive coverage to two months preceding the date the error was reported.

If a clerical error is made so that the coverage is in effect for a person who is not eligible, an adjustment will be made to correct the error. Any Premium refund will be reduced by any payment made for claims. If claims paid exceed the Premium refund, the Policyholder shall reimburse Us for the overpayment.

**Information and Records:** We shall have the right to inspect, at reasonable times, any of the Policyholder's records for the Policy. The Policyholder shall provide Us with information necessary to administer coverage and set premium under the Policy. Information is required when an eligible person becomes covered, when changes in amounts of coverage occur, and when a Covered Person's coverage terminates.

## OHIO EXTERNAL REVIEW

### GENERAL EXTERNAL REVIEW

You or Your authorized representative may request an external review of a coverage denial if both of the following are the case:

- We have denied, reduced, or terminated coverage for what would be a covered health care service except that We have determined that the health care service is not medically necessary.
- Except in the case of an expedited review, the proposed service, plus any ancillary services and follow-up care, will cost You more than five hundred dollars (\$500) if the proposed service is not covered by Us.

If You have a terminal condition, We will follow the External Review for Experimental or Investigative Treatment procedures detailed in such section of these Procedures.

A request for a General External Review will not be granted in any of the following circumstances:

- You have failed to exhaust Our internal review process.
- You have previously been afforded an external review for the same denial of coverage, and no new clinical information has been submitted to Us.

We will deny a request for a General External Review if it is requested later than 60 days after notice has been sent regarding a final determination of the internal appeal process. A General External Review may be requested by You, an authorized person, Your provider, or a health care facility rendering health care service to You. You may request a review without the approval of the provider or the health care facility rendering the health care service. The provider or health care facility may not request a review without Your prior consent.

A General External Review must be requested in writing, except that if You have a condition that requires Expedited Review, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to Us not later than 5 days after the request is made.

A request for a General External Review must be accompanied by written certification from Your provider or the health care facility rendering the health care service to You that the proposed service, plus any ancillary services and follow-up care, will cost You more than \$500 dollars if the proposed service is not covered.

Except in the case of an expedited review, the independent review organization will issue a written decision not later than 30 days after the filing of the request. The independent review organization will send a copy of its decision to Us and to You. If Your provider or the health care facility rendering health care services to You requested the review, the independent review organization will also send a copy of its decision to Your provider or the health care facility.

We will provide any coverage determined by the independent review organization's decision to be Medically Necessary, subject to the other terms, limitations, and conditions of the insured's policy or certificate.

### EXTERNAL REVIEW OF DENIAL OF EXPERIMENTAL OR INVESTIGATIVE TREATMENT FOR TERMINAL CONDITIONS

You or Your authorized representative may request an external review of a coverage denial if all of the following are the case:

- You have a terminal condition that, according to the current diagnosis of Your physician, has a high probability of causing death within 2 years.
- You request a review not later than 60 days after notice from Us regarding a final determination of the internal appeal process.
- Your physician certifies that You have a terminal condition as described above and any of the following situations are applicable:

Standard therapies have not been effective in improving Your condition.

Standard therapies are not medically appropriate for You.

There is no standard therapy covered by Us that is more beneficial than therapy recommended by your physician.

- Your physician has recommended a drug, device, procedure, or other therapy that the physician certifies, in writing, is likely to be more beneficial to You, in the physician's opinion, than standard therapies, or You have requested a therapy that has been found in a preponderance of peer-reviewed published studies to be associated with effective clinical outcomes for the same condition.
- You have been denied coverage by Us for a drug, device, procedure, or other therapy recommended or requested, and has exhausted Our internal review process.
- The drug, device, procedure, or other therapy, for which coverage has been denied, would be a covered health care service except for Our determination that the drug, device, procedure, or other therapy is experimental or investigational.

A review must be requested in writing, except that if Your physician determines that a therapy would be significantly less effective if not promptly initiated, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to Us not later than 5 days after the oral or written request is submitted.

When You meet the criteria set forth above You have the opportunity to have Our decision to deny coverage reviewed under this Process. You will be notified of that opportunity within 30 business days after We deny coverage.

Except in the case of an expedited review, the independent review organization will issue a written decision not later than 30 days after the filing of the request. The independent review organization will send a copy of its decision to Us and to You. If Your provider or the health care facility rendering health care services to You requested the review, the independent review organization will also send a copy of its decision to Your provider or the health care facility.

The independent review organization will provide Us with the opinions of a panel of up to 3 experts. We will make the experts' opinions available to You and Your physician, upon request.

The opinion of the majority of the experts on the panel is binding on Us with respect to You. We will provide any coverage determined by the independent review organization's decision to be Medically Necessary, subject to the terms, limitations, and conditions of Your policy or certificate. If the opinions of the experts on the panel are evenly divided as to whether the therapy should be covered, Our final decision will be in favor of coverage. If less than a majority of the experts on the panel recommend coverage of the therapy, We may, in Our discretion, cover the therapy.

If Our initial denial of coverage for a therapy recommended or requested is based upon an external, independent review of that therapy meeting the requirements as stated above, this review process shall not be a basis for requiring a second external, independent review of the recommended or requested therapy.

At any time during the external, independent review process, We may elect to cover the recommended or requested health care service and terminate the review. We will notify You and all other parties involved by mail or, with consent or approval, by electronic means.

### **EXPEDITED REVIEW**

For an expedited review, Your provider must certify that Your condition could, in the absence of immediate medical attention, result in any of the following:

- Placing the health of You or, with respect to a pregnant woman, the health of the unborn child, in serious jeopardy;
- Serious impairment to bodily functions;
- Serious dysfunction of any bodily organ or part.

The independent review organization will issue a written decision not later than seven days after the filing of the request for an Expedited Review.
