

## **At Home Activities:**

All Subjects-<https://www.khanacademy.org/>

Math and Reading Skills-<https://www.freckle.com/>

## **Math Resources:**

- Fact Fluency Practice:
  - [Xtramath.org](https://www.xtramath.org/)
  - [Reflexmath.com](https://www.reflexmath.com/)
- Problem Solving/Skill Practice:
  - [tenmarks.com](https://www.tenmarks.com/)
  - [Commoncoreworksheets.com](https://www.commoncoreworksheets.com/)
  - [www.pearsonrealize.com](https://www.pearsonrealize.com/) (practice buddy assignments)

## **Reading Resources:**

- [ReadWorks.org](https://www.readworks.org/)
  - Comprehension Practice: There are some passages paired with questions that you can access and have your student work on those. This is most helpful to your student when you are going over their responses to the questions with them.
  - Fluency Practice: To help your student read more smoothly you could print a 3rd grade passage. Time them for 1 minute and have them put a pencil mark where they finish. Repeat 2 more times. If their pencil mark moves forward on the 2nd and 3rd try, their fluency is improving!
- Read for at least 20 minutes each night before before bed
- Find a book on your child's reading level-[https://fab.lexile.com/](https://www.fab.lexile.com/)

## **Writing/Spelling Resources:**

- [SpellingCity.com](https://www.spellingcity.com/)
- Have your child keep a journal, writing down events/activities of the day.
- [vocabulary.com](https://www.vocabulary.com/)
