July 1, 2020

Dear Monroe Parents/Guardians:

It has come to my attention that there are some questions about the parent survey I shared in my letter yesterday. I want to clarify the intent of the survey.

The district is planning for learning options to serve the needs of all of our students. **We would like to hear back from all parents regarding their plans for their children next school year.** This feedback will drive the planning of both our remote and in-person options.

Based on the survey we sent out in early June, 21.8% of parents were undecided about sending their children back to school. As the start of the new school year comes closer, we need a more accurate number of parents who plan to continue with remote learning.

We ask that you complete the survey based on the data/information you have right now. Please share if you plan to send your children to school or plan to continue with remote learning. Your responses to this survey **are not a formal commitment and not binding.** We understand as this situation evolves you might change your mind.

Please complete the following survey for each of your children who attend our schools. For example, if you have three children, please complete the survey three times. If you have already completed the survey this week, thank you. There is no need to complete and resubmit. The survey will close on Wednesday, July 8, 2020. Thank you for your feedback.

Here is a link to the survey:
